

Dawanna Chambers-Howell

Founder/CEO, Entrepreneur, Author & Motivational Speaker

Life After the Struggle Ministries

I'm proud of the the woman I am because I went through Hell becoming her.

Dawanna Chambers-Howell is a successful CEO, entrepreneur, mother of 3, author, notary agent, motivational speaker, and a profound advocate for at risk children, adolescents, and adults. She is the Founder of the 501 (3)3 tax-exempt organization, Life After the Struggle Ministries. The nonprofit was created to help low-income, homeless families, and individuals suffering from the hardships of COVID-19. Life After the Struggle Ministries addresses various issues including reducing food insecurity by providing donations to people in need, support victims of domestic violence, and promote education among our youth.

The non-profit provides back to school drives, supply masks and sanitizer to the homeless population, and coat drives during the winter. They also serve as a resource center for supportive services, partnering with other agencies to help clients locate transportation, employment opportunities, and other necessities to help them get back on their feet. Their advisers help families develop a long-term financial plan to become more self-sufficient.

In addition to being the Founder of the non-profit organization, Dawanna also ministers to women that have been in abusive relationships. She helps them through sharing her own personal experiences with struggles she has experienced in her life. She is able to relate to them on a personal level. She encourages people to push for greatness and never give in.

"This walk hasn't been easy and there has been so many times I wanted to give up, but to help other people is my life's passion and my calling. I love it when someone calls me or sends me a message telling me how we have changed their lives and how thankful they are to us helping them. I'm excited and this journey I'm on is all God's will."

Dawanna is available for guest speaking and events. Please contact her for more information.

**EDUCATE. INSPIRE.
EMPOWER.**

"What inspired me to start my ministry is because when I was young I always use to tell God when I got older and when He blessed me, I'm going to give back. I was young and I really didn't know what I was saying, I just knew I wanted to help others. As years passed I watched my grandma go through a lot. I always heard her talk about Jesus and the importance of giving back."

"The smile that she put on the face of others, brought me joy and I always knew that's what I wanted to do. I give back a lot to the community and when people give me hugs and tell me thank you, I look up and say, "God I love You". I am super excited about Life After the Struggle Ministry."
